WHY WE CAN'T ACCEPT SOME ITEMS

We are very lucky to be well supported and continually offered a wide range of donations, but there are occasions when we can't accept items for the following reasons:

SAFETY

This is of paramount importance to us, which is why all donations must comply with UK safety regulations and why we have been advised to not accept the following secondhand items:

- Car seats - even if you know it has not been involved in an accident, we cannot guarantee this to our recipients.
- Cot bumpers
- Door bouncers
- Electrical items e.g. baby monitors, sterilisers, gyo clocks, as we can't safety check these.
- Mattresses - including cot, cot bed and Moses basket mattresses

HYGIENE

Unless they are sterile, sealed and new we cannot accept:

- Bottle teats
- Breast pumps
- Toiletries

SPACE

Larger items are difficult for us and the families we help to store. Because space is in short supply, we cannot accept:

- Bikes
- Furniture - including changing tables
- Outdoor toys
- Play sets
- Soft toys - large

DEMAND

Certain items are not requested very often, so we don't want to use up valuable space storing them, such as:

- Baby bottles
- Breastfeeding pillows
- Car accessories & sun shades
- Cot mobiles
- Maternity clothes
- Nappy bins
- Nursery decor - lampshades, curtains, pictures etc.
- Potties & toilet seats
- Pregnancy and baby advice books
- Sleeping bags - large
- Cribs - swinging

Please ensure all equipment is in full working order with no parts missing. We are a small team so unfortunately don't have the resources to fix broken items or find replacement parts.

We want to give all children the chance to have a safe and healthy start in life. And we feel strongly that the donations we pass on should reflect this. Thank you for your understanding.
